..... "The M.O.P.R. must be a powerful means of  
propaganda of the international revolution.... The  
slogans of the M.O.P.R. must play a great role in the  
uniting of peasants and workmen into one revolutionary  
party.... Special attention must be paid by the M.O.P.R.  
to the questions of propaganda and agitation.... The  
M.O.P.R. must become a rear of the revolution."
